[a kind little note for whoever lands here]

[YOUR PHOTO]

[a short caption]

dear visitor,

[A short, honest paragraph about you: what you do, what you care about, and what you were doing before this.]

[One more, about how you like to work, written the way you would say it to a friend.]

xo, [your name]

PROJECT [Year]

Fulfillment Dashboard

Logistics, rebuilt with synthetic data

rebuilt with synthetic data, not the original

[a caption about what this shows]

An operations view for a logistics company: order flow, exceptions and carrier performance on one calm screen.

THE PROBLEM

[Two sentences on who it was for and what was hard about it.]

[Letter title one]

dear reader,

[The first paragraph of the letter. Start with the moment, not the lesson.]

[The middle: what happened, what you tried, what surprised you.]

[The end: what you would tell a friend who is about to do the same thing.]
